Certain numerical figures included in this document have been rounded. Therefore, discrepancies in tables between totals and the sums of the amounts listed may occur due to such rounding.

DISCLAIMER (Cont'd)

Certain alternative performance measures (as defined in the ESMA Guidelines on Alternative Performance Measures) ("APMs") are included in this document. Such APMs, which have not been prepared in accordance with the International Financial Reporting Standards, as adopted by the EU ("IFRS-EU"), have been extracted or derived from the accounting records of the Bank and its consolidated subsidiaries (the "Group"). The Bank believes that the APMs contribute to a better understanding of the Group's results of operations by providing additional information on what the Group considers being some of the drivers of the Group's financial performance. These APMs, however, should not be regarded as alternatives to revenues, cash flow or net income as indicators of operational performance or liquidity. The APMs are not audited, reviewed or subject to a pro forma review by the Bank's auditors. These APMs are not measurements of the Group's financial performance under IFRS-EU and should not be considered as alternatives to the information in the consolidated annual accounts or to any performance measures prepared in accordance with IFRS-EU. Many of these APMs are based on the Bank's historical data and there can be no guarantee that these results will actually be achieved. Different companies may use different definitions of the APMs. Therefore the Bank's definitions of these measures may not be comparable to the definitions used by other companies. The APMs must be considered only in addition to, and not as a substitute for or superior to, financial information prepared in accordance with IFRS-EU. Potential investors are cautioned not to place undue reliance on these APMs.

This document and the information contained herein are delivered as of the date hereof and there shall be no implication that there has not been a change in the affairs of the Bank or its affiliates or other matters that have occurred since such date rendering any of the information set out in the document inaccurate.

This Presentation is provided for information purposes only and does not constitute, nor must it be interpreted as, an offer to sell or exchange or acquire, or an invitation for offers to buy securities issued by any of the companies mentioned herein or a request for any vote or approval in any jurisdiction.

Nothing in this Presentation constitutes an offer to sell or the solicitation of an offer to buy any securities of the Bank in the United States.

No use or exploitation may be made in any way of the contents of the Presentation, nor of any of the signs, trademarks and logotypes which it contains. This prohibition extends to any kind of reproduction, distribution, transmission to third parties, public communication or conversion into any other medium, for commercial purposes, without the previous express permission of the Bank and/or other respective proprietary title holders.
